Newfoundland and Labrador Pharmacy Board
Interpretation Guide

Requirements for Re-Registration in Newfoundland and Labrador

As per the Pharmacy Regulations, 2014, if a person was previously registered with the NLPB but let their registration lapse for any reason and are not currently registered in another Canadian jurisdiction¹, they may apply to NLPB to be re-registered in accordance with the following.

1) **Registration Lapsed Less Than Two Years:**
   a) Submit a completed “Application for Re-Registration”, along with the appropriate fee and:
      i) copy of current professional liability insurance coverage certificate, in accordance with the NLPB’s Professional Liability Insurance Requirements for Registration; and
      ii) for pharmacists – proof of membership in the Pharmacists’ Association of Newfoundland and Labrador, as required by section 21(3)(a) of the Pharmacy Act, 2012.
   b) Once this has been received, your registration profile will be reactivated, and you can proceed to:
      i) document a minimum of 15 professional development credits completed within the past 12 months, at least half of which must be from accredited programs; and
      ii) for pharmacists authorized to administer injections – upload documentation of current CPR/First Aid certification.

2) **Registration Lapsed More Than Two Years But Less Than Five Years**
   a) Register with NLPB as an Intern; then:
      i) successfully complete one month of supervised practical training for each year or part year, beyond one year, that you have been out of practice, to a maximum of eight months; and
      ii) successfully re-write the NLPB Registration Examination as outlined in NLPB’s Registration Examination Interpretation Guide.
   b) Once the requirements of section 2) a) are met, you may continue the re-registration process by following the requirements of section 1) a), except for section 1) a) i).

3) **Registration Lapsed More Than Five Years**
   a) Successfully complete Part II of the PEBC Qualifying Examination for Pharmacists or Pharmacy Technicians, whichever is applicable.
   b) Once the requirements of section 3) a) are met, applicants may continue the re-registration process by following the requirements of section 2).

**PLEASE NOTE:** The NLPB retains the authority to consider each individual application for re-registration on its own merits and to exercise discretion in setting additional conditions of that applicant, based on the individual particulars of that application.
